

## **MS5-4X4-10-SEL-CDM-ADP**

**Centrifugal Pump  
Vertical Multi-stage**

**Meets High  
Pressure  
At Low Speeds  
For Long Life**

- Flow rates up to 500 Gallon
- Heads up to 700 feet at 1750 RPM
- Eliminates the reason for 3600 RPM
- Depths up to 20 feet
- No seals
- One piece shaft
- Extra stages available for higher pressures
- Stainless steel available

## A RUTHMAN COMPANY

### Gusher Pumps is a Division of Ruthman Companies

#### Corporate Headquarters

1212 Steng Street  
Cincinnati, OH 45233

## Ruthman... Another Word for Innovation

It began in 1913, servicing mechanical components of the steamboats on the Ohio River. The company founder, Alois Ruthman, was a man of vision and saw part of the future of the company was in the development of a

reliable industrial pump.

In 1924, with the conception of the first vertical ball bearing sealless centrifugal pump, Ruthman Pump and Engineering furthered the design on a unit with a one piece motor driven shaft. The pump was called "Gusher", giving birth to the trade name Gusher Pumps, and the coining of the term "coolant pump".

Wanting to carry on the tradition of quality and reliability started by his father, Thomas R. Ruthman joined the company in 1949. In the early 1990's Thomas R. Ruthman's son, Thomas G. Ruthman joined the company, continuing this same tradition. Maintaining the reputation of Gusher Pumps by innovation and customer service, the company has grown to service companies worldwide.
